

## THE REFUND.

Considerable Interest has Developed in the Discussion

## STARTED IN TRADES ASSEMBLY

SUNDAY AFTERNOON—A PERUSAL OF THE FULL REPORTS OF THE PROCEEDINGS WAS QUITE FAVORABLE TO THE ADVOCATES OF THE REFUND—MR. FORGEY AND "W. O. W." ADVANCE ADDITIONAL REASONS FOR SUPPORT OF THE ORDINANCE.

The full reports given in both morning papers yesterday, of the proceedings at the meeting of the Ohio Valley Trades and Labor Assembly, when there was a discussion pro and con of the refunding ordinance, were perused with interest by citizens generally yesterday, and the verdict seems to be that the advocates of the refund had considerably the better of the argument, notwithstanding the fact that Mr. Gruse's glittering generalities caught the crowd to the extent of mere applause than was given any other speaker of the afternoon. The facts and figures advanced by Messrs. Watkins, Forgy, Chew and Horkheimer were full of the meat that cannot be digested without consideration, while Mr. Gruse's "What I would do" speech required no digestion and deserved none. Interest in the special election on Saturday, November 27, is increasing, and it is likely that a large vote will be brought out on this occasion.

## MR. FORGEY'S COMMENT.

To the Editor of the Intelligencer.

SIR—I am pleased to note that both morning papers agree almost verbatim in reporting the hearing granted the friends and opponents of the refunding ordinance, before the Ohio Valley Trades and Labor Assembly yesterday afternoon. I am certain none of the speakers can find fault with either. There is a slight discrepancy in the reports of Mr. Gruse's remarks. The reporters do not agree exactly. The reason for this may be attributed to the fact that Mr. Gruse had not written out any part of his remarks, whilst the other speakers had.

Taking the report of the Register, I note, "Mr. Horkheimer asked for a few minutes, during which he accused Mr. Gruse of charging the present council with extravagance, which existed during fifteen years before." "Now you are throwing mud," replied Mr. Gruse.

A few lines in advance of this Mr. Gruse is reported as saying, "The refunding scheme involves an increase in the bonded debt. Outstanding orders have been spoken of. Where is the restraining ordinance? It was adopted for the purpose of preventing these overchecks, and the evil could not exist if its provisions were adhered to."

I would be loathe to accuse Mr. Gruse with knowingly saying that which he knew to be false. I will be charitable enough to say it is so long since he has read the restraining ordinance that he has forgotten its provisions, and it seemed to me he should have remembered that this was stating one of the city officials, and even if it were true, it was "mud throwing," more distinctly such than the implied accusation of Mr. Horkheimer in referring to the action of council at a time when Mr. Gruse was one of its members.

But Mr. Gruse's reference to the restraining ordinance was far reaching and misleading. He uses the word "over-checks," the only person that can issue a check upon the city's finances, being the city receiver, he violates his obligation when he issues a check for a greater amount than is to his credit in the fund upon which the check is drawn, or for any amount for which he has no order of the city clerk.

By the same ordinance it is provided that should the city clerk issue an order upon the receiver for any amount in excess of an appropriation he violates his obligation in the case of either officer so offending the penalty is removal from office, a fine of not less than \$20, nor more than \$100, or imprisonment. Now Mr. Gruse can have the privilege of examining into the affairs of the city clerk and the city receiver, and if he (Mr. Gruse), finds where either of the two officials has violated the provisions of the restraining ordinance, the official is ready and willing to accept the punishment.

As Mr. Gruse remembers so well the date of the refunding ordinance, 1885, I regret he did not recall its provisions. The date of the ordinance is April 14, 1885. The bonds of 1885 were issued for a two-fold purpose, to take up outstanding city orders amounting to \$153,000, and to redeem unpaid bonds of 1871. The ordinance provides for paying outstanding orders amounting to \$224,000, but as only \$270,000 was issued and that \$77,000 was in redeeming bonds of 1881, the amount of orders must have been reduced in some other manner.

A restraining ordinance might have prevented the big over-draft of 1881, but I think it would have been necessary to have increased its efficiency and applied it to council as well as the officers who disburse the funds in order to prevent an over-draft of over \$200,000.

I trust to meet other assertions made by Mr. Gruse quite as broad and devoid of texture as that referred to.

Yours,

A. H. FORGEY.

Wheeling, Nov. 15.

## SOME GOOD REASONS.

To the Editor of the Intelligencer.

SIR—As inquiries are now being made as to the reasons why council cannot reduce the present debt and at the same time furnish the funds for needed improvements, I think it well to open up a few facts that are not generally known by the public, or have not been looked into. For several years, quite a large amount was taken annually from the receipts of the water and gas boards and applied to the payment of bonds and interest. The erection of the electric light plant and new water works has effectually stopped that source of revenue. It being impossible for either board to help the city out, therefore the only way left was to pay the loans and interest out of the general fund received for taxes.

This has therefore, curtailed and really crippled the finance committee ever since 1892, at which time the last payment was received from the boards. In the past six years the bonds have been reduced \$151,600, and the city has paid in interest \$203,188, all of which has had to come out of the general levy, but really according to ordinance at least one-third of the amount should have been furnished by the water and gas boards; that is to say, they should have paid in that time \$118,900, or \$19,900 per annum, which would have been spent on streets, sewers, etc. We had to have our new water works and we had to have our electric light plant; likewise, we must have our streets, alleys, sewers, etc., put in better condition, and to do so we must curtail our yearly payment and extend the time in which to do so.

It has been said that a good business man will reduce his debt as fast as possible

Fifty Years Ago.

Grandfather's hat! And within it you see, Grandfather's favorite cough remedy. Whether 'twas Asthma, Bronchitis or Croup, Or baby at night waked the house with a whoop, With Ayer's Cherry Pectoral Gran'ther was sure That no cold or cough would e'er fail of a cure. In hats the style's changed, but the records will show Coughs are cured as they were 50 years ago.

**Ayer's Cherry Pectoral** has no equal as a remedy for coughs, colds, and lung diseases. Where other soothing elixirs palliate, Ayer's Cherry Pectoral heals. It is not a cheap cough syrup, which soothes but does not strengthen; it is a physician's cough remedy, and it cures. It is put up in large bottles, only for household use. It was awarded the medal at the World's Fair of ninety-three. It has a record of

50 Years of Cures.

sible and thereby reduce the interest. I grant that the principle is correct, and as a rule, should be adhered to, but that is as a business man in active business, not as a large property holder, who realizes that the rentals are not sufficient to reduce his debt very rapidly, and at the same time keep everything up in good repair, and pay the necessary annual expenses that must be paid first.

## WHAT WILL HE DO?

HE WILL GO TO SOME ONE WHO HAS MONEY TO LOAN ON LONG TIME, MAKE THE BEST TERMS POSSIBLE, BOTH AS TO TIME AND INTEREST, AND THEN PROCEED TO BETTER THE CONDITION OF HIS PROPERTY, SO AS TO HAVE THE BEST VALUE AND REALIZE THAT HE HAS A BETTER INVESTMENT.

That is just where the city stands today.

Her property must be put in better condition, and the easiest way to do it is to extend the time of paying off her present debt, without increasing it, or increasing the burden of taxes.

Is there a workman in the city that owes \$100, who, if it were put at him that he must pay it up in two months at the rate of \$50 a month, would not feel that to do it his family would have to suffer during that two months? But if he is given five months to pay it in, at the rate of \$20 per month, would he not take the last proposition, knowing he could live better at home and pay it easier in the long run?

In voting for the new loan, you are only voting to help yourself.

W. G. W.

Wheeling, Nov. 15.

## FELL THIRTY-FIVE FEET.

Yesterday, Albert Horcher, of Martin's Ferry, was working on the roof of the Altheim building and fell, striking his head on some stones on the ground, a distance of thirty-five feet. He was conveyed to his home, corner of Eighth and Walnut streets, and is getting along as well as could be expected under the circumstances.

When a woman falls overboard she sometimes drowns when there is a life buoy just within a few strokes of her—all because she doesn't happen to see it. Sick people often perish in the same way. Help is within reach, but they don't know just where it is. They are discouraged and disgusted with taking medicines and give up in despair.

Mrs. Mary J. Stewart, of Saratoga, Santa Clara Co., Cal., in a letter to Dr. R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., says: "I suffered for fourteen years with female weakness, nervousness and general debility, trying everything I could find to help me—all to no avail. Although I was thoroughly discouraged and disgusted with taking medicines when I heard of Dr. Pierce's medicine, I thought I would try once more to find relief. I took the 'Golden Medical Discovery' and 'Favorite Prescription,' and to great praise cannot be given for the rapid relief they gave me. I am now free from the former troubles, and may God bless Dr. Pierce in all his undertakings to cure suffering humanity."

Thousands who had reached this forlorn and hopeless condition of body and mind have found new hope and rescue in the use of these marvelous remedies.

Dr. Pierce's great thousand-page book, "The People's Common Sense Medical Advertiser" is sent free in paper covers for 21 one-cent stamps to pay cost of mailing only, or, cloth bound for 25 stamps. Address, Dr. R. V. Pierce, Buffalo, N. Y.

Rev. J. K. Thompson, of East Calais, Washington Co., Vt., writes concerning this great work: "I am charmed with the style and general subject matter of the entire work. I consider it a valuable addition to my carefully selected library. The purpose to set men right physically is a noble one. I am also pleased with the refined and at the same time fearless way in which you handle those delicate subjects pertaining to biology, thus making the work admirably fitted for the young."

THE CROWNING TOUCH OF A BEAUTIFUL WOMAN'S TOILET. Is exquisite Jewelry. The gems may not be costly, but if they are well cut and perfectly set they will greatly add to the wearer's charms. The trade of setting gems is an art. Our workmen possess that art to perfection.

**John Becker & Co.,** JEWELERS AND OPTICIANS. 2087 Jacob street, Wheeling, W. Va.

## MARTIN'S FERRY.

Haps and Mishaps in the Thriving City Across the River.

The Laughlin Nail Company has purchased from Mrs. Caroline Summers two lots and two frame houses at \$3,900, and from her son, Harry Summers, one lot and one frame house at \$1,500, to make room for the new tin plate works. The three dwellings are each two stories and one of the houses on the Mrs. Summers ground is a double dwelling of eight or ten rooms. By acquiring this property the Laughlin company will have all the land needed and some to spare. The company now owns a large tract of land, all of which is very desirable for manufacturing.

## NEW BUILDINGS.

Several additional building houses will be erected on Main street on account of the erection of the second tin plate works by the Laughlin Company on the upper portion of that street. The first to be erected will be a three story brick hotel by John Desch, corner Main and Avondale avenue, with rooms on the first floor for saloon, office, etc. Among other buildings to be erected will be one for a drug store. This will be a first drug store ever opened north of Hanover street and will make five in Martin's Ferry. There are several saloons near the mill and one has just closed.

E. C. Boyd is erecting a first class double two story brick tenant house on North Fourth street.

The inclement weather is interfering with the work on the foundation for the Presbyterian church.

## MAKING MONEY ON SHEEP.

Anticipating Republican victory in 1898, Mrs. Allison, of Hopedale, bought fifty-three lambs in the fall of 1895 from W. C. Baxter, at \$1 each. She sold two wool clips of 1896 and 1897 at \$276.60. She could sell the sheep now at \$5 and besides she has raised from them thirty five lambs worth \$3 each. On her original investment she could thus realize to-day on sheep, wool and lambs \$631, which is certainly a big profit on \$53, including expenses. Martin's Ferry butchers bought sheep at seventy-five cents per head three or four years ago and others sold at still lower prices.

## MARTIN'S FERRY BRIEFS.

Union Thanksgiving services will be held in the Martin's Ferry Baptist church on Thursday morning, November 25th. The sermon will be preached by Rev. J. T. Morton, the new pastor of the M. E. church. This was decided upon at a meeting of the Martin's Ferry ministers, held yesterday morning.

Rev. J. Vynny Morgan, a Baptist minister, of Swansea, Wales, will preach in the Welsh Congregational church next Sunday morning and evening. The third monthly literary meeting will be held in this church on Saturday night and promises to be the best yet.

The residence of Mrs. Nancy Selby, on Main street, was entered and several parts of the house were ransacked in the absence of all the family except Walter Selby, who was up stairs, and when he heard the thief he procured a gun and made the fellow fly. Nothing was missing.

Contractor T. J. Stringer is tearing down the old warehouse building at the ferry landing, to make room for the Wheeling & Lake Erie extension down along the river front.

While at work last evening about 6 o'clock, on the eight-inch guide mill at the Actna-Standard, Leonard Fisher was struck on the leg by a steel rod and obliged to lay off.

Dr. A. R. Ong, who recently retired from the drug business, went to Columbus yesterday, to take a special course before engaging in the practice of medicine.

The funeral of Mrs. John Elliott, mother of Mrs. David Goeney, will take place from the North street M. E. church, Wheeling, this afternoon, at 2 o'clock.

The case of Isaac Hornbake vs. Dr. B. O. Williams, set for yesterday and today, has been dismissed without prejudice at the request of the plaintiff.

Yesterday the Laughlin Nail Company bought 112 acres of coal land belonging to Lewis Helling, at \$1,200. It was sold at St. Clairsville, by Sheriff Darby.

Rev. E. G. Bailey will assist Rev. Hoping in communion at Uniontown next Sunday. There will be no preaching in the U. P. church, on that day.

Mrs. Margaret Hastings has secured a pension for herself and one for her child, through the J. T. Hanes agency.

Joseph Fahrenbach has gone to house-keeping in the Scheide building, corner Second and Hanover streets.

Mrs. Paul Morrison will arrive from Milwaukee shortly to visit Martin's Ferry relatives.

Mrs. Elizabeth Kelley has brought suit against her husband, Walter V. Kelley, for divorce.

Mrs. S. G. W. Morrison left yesterday for Morgantown, W. Va., to visit her sister.

Rev. Dr. W. C. D. Bond conducted the funeral of Charles Henchel yesterday. For Sale Cheap—Portable Bath Tub. Good as new. T. H. STANTON.

Miss Lena Myers was taken to Haskins hospital yesterday.

Thomas T. Irwin, who has been very sick, is improving.

Wanted—A town clock.

THE three-year-old boy of J. A. Johnson, of Lynn Center, Ill., is subject to attacks of croup. Mr. Johnson says he is satisfied that the timely use of Chamberlain's Cough Remedy, during a severe attack, saved his little boy's life. He is in the drug business, a member of the firm of Johnson Bros., of that place; and they have a great many cases of croup, for which they have a great many remedies. He had all these ready to respond to his call, but selected this remedy for use in his own family at a time when his child's life was in danger, because he knew it to be superior to any other, and famous the country over for its cures of croup. Mr. Johnson says this is the best selling cough medicine they handle, and that it gives splendid satisfaction in all cases. Sold by all druggists.

J. M. THIRSWEND, of Groenbeck, Tex., says that when he has a spell of indigestion, and feels bad and sluggish, he takes two of DeWitt's Little Early Risers at night, and he is all right the next morning. Many thousands of others do the same thing. Do you? Charles R. Goetz, Market and Twelfth streets; Chatham Sinclair, Forty-sixth and Jacob streets; A. E. Scheele, No. 607 Main street; Ekeley Bros., Penn and Zane streets; Bowie & Co., Bridgeport.

## Relief in Six Hours.

Distressing Kidney and Bladder disease relieved in six hours by "New Great South American Kidney Cure." It is a great surprise on account of its exceeding promptness in relieving pain in bladder, kidneys and back, in male or female. Relieves retention almost immediately. If you want quick relief and cure, this is the remedy. Sold by R. H. List, Druggist, Wheeling, W. Va.

SMALL pill, safe pill, best pill. DeWitt's Little Early Risers cure biliousness, constipation, etc. Headache, Chills, Rheumatism, Market and Twelfth streets; Chatham Sinclair, Forty-sixth and Jacob streets; A. E. Scheele, No. 607 Main street; Ekeley Bros., Penn and Zane streets; Bowie & Co., Bridgeport.

## CASTORIA.

Small pill, safe pill, best pill. DeWitt's Little Early Risers cure biliousness, constipation, etc. Headache, Chills, Rheumatism, Market and Twelfth streets; Chatham Sinclair, Forty-sixth and Jacob streets; A. E. Scheele, No. 607 Main street; Ekeley Bros., Penn and Zane streets; Bowie & Co., Bridgeport.

## MISSING PEOPLE.

The Great Mystery Which Surrounds Their Disappearance and What Becomes of Them.

"Scarcely a day passes that we do not read in the newspapers of some man or woman who is reported missing and in the majority of cases these people forsake happy homes without any earthly reason for doing so and their fate often becomes a mystery."

"The cause of these disappearances has excited widespread discussion of late, and some of our best novelists have founded thrilling romances on this strange subject. But no one has yet been able to find an answer to the question, 'What becomes of these missing people?'"

"Perhaps the best explanation of the mystery may be found in the words of a New York physician who is a keen observer. According to his theory, these people are sufferers from various disastrous maladies from which they gain no relief. Their surroundings eventually become unbearable to them. In their diseased imaginations they fancy everybody is an enemy, although surrounded by friends. Driven to despair, they at last forsake their homes and become wanderers on the face of the earth or else—which is very probable—commit suicide."

"Any person who is not in perfect health is liable to meet with this terrible fate. Even those who fancy themselves strong, well and mentally sound may become unhappy, morose and despairing. The seriousness of these facts should cause every man and woman to stop, consider and see if he or she is really well. There are so many dreadful diseases that come upon the system unaware, that show no symptoms, but ruin the life even before we know it. The worst of all troubles of this kind arises from uric acid poison, which, being in the blood, not only causes rheumatism, neuralgia and gout, but often affects the mind or the vital organs. Now, the cause of uric acid in the system or in the blood is because the kidneys are either too weak or too diseased to throw it from the system. When the uric acid is not discharged it remains in the blood, poisons the body and often the mind, and causes disease and too frequently death."

"Is it not plain and simple then, that in order to avoid moroseness, pain and often worse things, it is necessary to get rid of this uric acid? This can only be done by helping the kidneys, which may have been weakened, to throw it out and that quickly."

"You, reader, who scans these pages may be in precisely this condition and yet not realize it, but if you are awakened and realize the sense of these great truths, you must know that there is but one great and reliable discovery of the present day that can help you in such a case and that is Warner's Safe Cure. All the columns of this paper could be filled with the grateful statements of men and women, not only in America, but all over the world, who have been not alone assisted, but absolutely cured by the use of this great modern, scientific remedy. It is pure and pleasant to take, it produces a prompt and agreeable effect, and it furnishes relief whenever used."

## Along the Landing.

The Ben Hur passed down for Parkersburg and way landings last night. Business at the wharf was brisk yesterday, and the prospects for heavy freight offerings for some time to come are excellent.

The Keystone State will be here this morning for Cincinnati. She is the first packet for Cincinnati since the late tie-up began nearly thirteen weeks ago.

The marks at 6 p. m. showed 5 feet 3 inches and rising slowly. Weather cloudy and warmer, with showers. It is expected that there will be enough water for the Cincinnati liners to resume.

The Cincinnati packet line has not yet decided to place the Hudson in the trade this fall. The Queen City, Virginia and Keystone State will constitute the fleet for the present, though it is believed Commodore Henderson will order out the Hudson soon. The Virginia will come out from Pittsburgh next Saturday, and the Queen City will depart from Cincinnati the same evening.

## River Telegrams.

OIL CITY—River 11 inches and rising. Weather, warmer and raining lightly.

WARREN—River three-tenths of a foot. Weather, warm and raining. GREENSBORO—River 8 feet 5 inches and rising. Rainfall .54. Weather, cloudy and warm. The James G. Blaine and the Florence Belle are the down packets on Tuesday and the Adam Jacobs and the Nellie Hudson up.

BROWNSVILLE—River 6 feet 3 inches and rising.

MORGANTOWN—River 7 feet 6 inches and falling. Weather warm and cloudy. Departures—The Adam Jacobs and the Nellie Hudson.

PITTSBURGH—River 4.6 feet and rising at the dam. Raining.

STEUBENVILLE—River 4 feet 7 inches and rising. Weather warm and raining. Passed down—The Keystone State and the Ben Hur. Passed up—The Nellie Hudson.

PARKERSBURG—Ohio river 7 feet 4 inches and rising. Cloudy and cool. Down—Valley Belle.

POINT PLEASANT—River 3.8 feet and rising. Cloudy.

CINCINNATI—River 6 feet and falling. Cloudy.

LOUISVILLE—River falling; 4 feet in canal; 1 foot 10 inches on falls; 5 feet 8 inches below locks. Weather, cloudy and warm.

EVANSVILLE—River 5.4 feet and falling. Cloudy and warm.

MEMPHIS—River .8 of a foot and rising. Cloudy and cool.

TO CURE A COLD IN ONE DAY. Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c. The genuine has L. B. Q. on each tablet.

## DENTISTRY.

E. E. WORTHEN.

Peabody Building, Room No. 301.

126 Market Street, . . . Wheeling, W. Va.

—TAKE ELEVATOR—

SPECIAL SALE of NICKEL PLATED COPPER COOKING VESSELS. Come and get some of the best bargains you ever heard of. Our north window is full and more to draw from.

GEO. W. JOHNSON'S SONS, 126 Main Street.

EIDERDOWN ROBES—GEO. E. STIFEL & CO.

## Geo. E. Stifel &amp; Co.

ANOTHER LOT OF THOSE

## Eiderdown Robes

Has been received. The call on these light, warm, serviceable house gowns has been great; in fact, we did not think they would be picked up so quick, although we knew they were great bargains. Four colors, red, pink, blue and grey. Plain crochet edge with long cord girdle, \$3.29. Ripple down, with satin trimming, and silk frogs and girdle, \$4.98. Plain eiderdown morning jackets, edges crochet, 69c.

## Dress Goods.

There's more mark downs in the colored dress goods department that will interest you. Choice mixtures, boucles and novelty cloths, 59c, that are worth \$1.00 and \$1.50 a yard.

## New Scotch Plaids.

In wool and silk and wool, in smooth and red weaves, 48c, 65c, 75c, 85c and \$1.25.

## Table Covers.

Are always in demand, but our department, on the third floor, is putting forth an extra effort this week. 6-4 size mottled chenille cover, fringed, that usually brings 75c, is now 39c. 6-4 size that's about 14 yards square, tapestry table cover, five colors, a regular \$1.00 value, 69c. Two other lines of same size of heavier quality, 89c and 98c.

## Rugs and Druggets

One of our showy lines now. Only the best makes are sold by us, and therefore satisfaction is guaranteed in every case, whether it be a mat or a piano rug, an ingrain drugget of 5x7½ feet, or handsome Smyrna of 9x12 feet you want, try us and see if the saving won't justify your purchasing of us.

## The Cloak Room.

We say the cloak room, for it's the largest in the state, and it's well filled. This week will have more of our special purchases made during the last few days while our buyer was in New York. Remember, STYLE, QUALITY, FIT and WORKMANSHIP are the highest, while the price we leave you to judge on sight.

## Geo. E. Stifel &amp; Co.

## Your Eyes

Are cared for when your glasses are fitted here. Our service is accurate and satisfactory. No charge for testing.

HENRY W. ETZ, OPTICIAN, EXCHANGE BANK BUILDING, Corner Main and Twelfth Sts.

## Coaxing Isn't Necessary

With one of our stoves. They burn freely and throw the heat into the room. They don't need half of it up the chimney. Our heating stoves are an ornament to any room. They give satisfaction in every respect.
